

We stand behind our reputation

Since 1958 we have worked hard to earn our reputation for delivering the highest standards of quality and durability. Many innovative styles are available including multi-sectional and 18-wide units for both residential and commercial projects. By supplying well known brands, years of industry experience and volume purchasing power, you can offer your customers the opportunity to design a home that is unique.

Our full service sales and drafting department will coordinate the design for your customer to ensure that dreams and details turn into sales dollars for you!

Becoming a dealer gives you access to marketing materials directed to your customers including brochures and virtual product renderings. We believe our service, along with our warranty, are the best in the industry, and we look forward to sharing our expertise with you.

The Benefits of Partnering With Superior Homes

- Design flexibility with a full service drafting department
- Vast product offerings: residential, multifamily, commercial, specialty
- Finest service and warranty
- Marketing products and services
- Virtual product renderings
- Sample kits & kiosks
- Material kitting and coordination for garages and decks

It's all about the company we keep.

The Clear Advantage

With the Superior Homes advantage, our products are built stronger with engineered truss floors and roof systems. We utilize all #2 lumber and the exterior and interior walls are framed at 16" on-center. You will also find double OSB sheathing as standard on our exterior walls, providing over 30% more lumber in a Superior Home.

Lasting Partnerships

We begin with high quality materials for all Superior Homes. You receive added value because we use name brand materials and industry trusted features. Our quality service and warranty makes partnering with us a winning combination.

Our Experience Speaks for Us

Superior's in-house team of designers and engineers stand ready to bring building dreams to life. Whether designing a home from scratch, working from existing plans, or customizing a house from our portfolio, our Superior Homes team will collaborate closely with you to ensure your customer's home perfectly compliments their lifestyle.

Superior Homes, with over 51 years of building experience, has helped thousands of families make their housing dreams come true. Superior Homes utilizes a state of the art building facility, skilled craftsmen, and the newest building technologies to offer a better way of building a new home.
